Raced For Prize of Ammunition Con-
signed to Mexican Insurrectos.

El Paso, Texas, April 8.—Racing
with a train for war supplies desti-
ned for Mexican insurrectos, an auto-
mobile in mud and rain beat the train
early today. The prize was 35,000
rounds of ammunition which left
here for Tornillo, Texas, forty miles
east of El Paso on the Southern Pa-
cific last night.

The fact that the ammunition was
aboard the train and destined for
Guadalupe, Mexico, opposite Tornillo,
was discovered after the train left
El Paso. There was neither tele-
graph station nor telephone station
at which the ammunition could be
headed off at Tornillo. Secret ser-
vice men jumped into an automobile
and after a wild thirty-two mile ride
caught the train as it stood at the
station at Fabens. When the ammu-
nition was unloaded at Tornillo, the
officers seized it.

ASKS FOR DIVORCE.
Wife of Count Accuses Husband of
Cruelty.

Chicago, April 8.—Count Jacques
DeBeaufort, made defendant in a
suit for divorce filed in the superior
court today by Countess DeBeaufort,
who was Miss Irma Kilgan, daughter
of M. H. Kilgan, wealthy steel and
iron manufacturer. Countess De-
Beaufort charged cruelty in the bill
filed today. She and the count were
married in London in 1909. The
troubles first became public in Feb-
ruary, 1910, when Countess De-
Beaufort was injured by falling down
stairs at their home during a quar-
rel. It is said, with her husband. In
her bill the wife declares that the
count beat her while the two were
at Hot Springs, Ark.

WHITE HOUSE EGG ROLLING.
Thousands of Children Take Part in
Festivities.

Washington, April 8.—Juvenile
Washington, white and black and
poor, turned out today to observe the
Easter Monday egg-rolling on the
slope back of the white house in the
president's back yard. Thousands of
children rolled eggs of all shades and
colors down the grass-covered in-
cline, under the watchful eyes of
mothers, big sisters and nurses.
President Taft left his work in
the executive offices long enough to
greet the children from the portico
of the mansion and Mrs. Taft watch-
ed the play for half an hour.

FIGHTER INJURED.
Cleveland, Ohio, April 8.—Louis
Margolief, "Fighting Mangle," was
injured in the sixth round by Kid
Goldberg of Syracuse, here to night.
Margolief was taken to a hospital,
where the doctors said his recovery
was doubtful. His right side is pa-
ralyzed and he has other injuries.
The Margolief-Goldberg fight was
a preliminary and the program was
continued after Margolief was in-
jured.

BURNED TO DEATH.
Fort Dodge, Iowa April 8.—Mamie
Butler, 19 years old, daughter of
J. T. Butler, a prominent farmer
near here, was fatally burned to
day. Her clothes caught fire from
the kitchen stove.

REBELS ROUTED.
Rabat, Morocco, April 8.—A
French column under command of
General Dito has routed a large
force of rebel tribesmen near Machel.
The engagement lasted 13 hours and
the fighting was severe.

RECORD VOTE
ANTICIPATEDGREAT INTEREST IN TO DAY'S
PRIMARY ELECTION.Owing to Length of Ballot Complete
Count in Chicago May Not Be
Completed for 18 Hours—All Con-
fident of Victory.

Chicago, April 8.—As the final pre-
liminary to the Illinois presidential
preference, state and county primar-
ies tomorrow, judicial, civic and
protective organizations to night in-
structed and sent out more than 10,-
000 trained workers and investiga-
tors to man the polls and prevent
disorder and possible attempts at
corrupt practices. Of this number,
several thousand will be at work in
Chicago from 6 o'clock in the morn-
ing until the polls close at 5 o'clock
in the afternoon.

A record vote is anticipated. In
Chicago it is expected that the total
vote in both parties will exceed
300,000 out of a total registration of
approximately 444,000. The total
vote at the mayoralty primaries last
year was 270,000.

The total Republican vote
throughout the state may run as
high as 450,000 against 410,000 at
the 1908 primary. On the Demo-
cratic side the total vote will be
between 250,000 and 300,000. It is
predicted. Because of the numerous
candidates and large number of of-
fices for which nominations are to
be made, it is probable that judges
and clerks of election will not com-
plete the count of the ballots for 18
hours after the polls close. The two
hours after the polls close will be
little ballots for women suffrage and
the other on presidential preference,
before the judges start on the count
of the large ballot containing names
of candidates for state, congression-
al, legislative, county and municipal
offices.

Managers for President Taft, Col.
Roosevelt and Senator LaFollette
on the Republican side, to night, is-
sued final appeals to their followers
and all expressed confidence of victory.
It was expected that the fight be-
tween Governor Woodrow Wilson
and Speaker Champ Clark on the
Democratic ticket would be close.
Roger Sullivan, Democratic national
committeeman, to night issued a
statement calling upon all of his
followers in the state to vote for
Wilson. The William Randolph
Heast organization declared that
Speaker Clark would defeat Wilson
by a heavy majority.

Gov. Charles S. Deneen arrived
from Springfield to night to cast his
vote in his old home ward in Engle-
wood and to rally his followers to
the polls.
Factional warfare has become so
bitter that trouble is anticipated in
many parts of Chicago, and it is
said that the same situation exists
in many of the larger cities out in
the state.

NEW SENATOR
Newell Sanders, Republican, Chosen
to Succeed Late Senator Taylor
of Tennessee.

Nashville, Tenn., April 8.—Govern-
or Hooper tonight announced the ap-
pointment of Newell Sanders of
Chattanooga as United States senator
to succeed the late Senator Robert L.
Taylor. Mr. Sanders is chairman of
the Republican state executive com-
mittee and a prominent manufac-
turer of Chattanooga.

Sanders will be the third Republi-
can who has served the state of Ten-
nessee in the United States senate.
The first was Joseph S. Tyler, Union-
Republican, who was in the senate
from 1865 to 1871. The other was
William G. Brownlow, who was sen-
ator from 1860 to 1865.

Mr. Sanders is a native of Indiana
and a graduate of the University of
Indiana, but has lived in Chattanooga
since 1878. He is a manufacturer
and capitalist and has been chair-
man of the Republican state execu-
tive committee of Tennessee for many
years.

Mrs. Sanders was Miss Corinne
Dadds of Bloomington, Ill., and is
also a graduate of the University of
Indiana. Mr. Sanders is 62 years old.

WILSON FAVORS PUBLICITY.
Syracuse, N. Y., April 8.—Govern-
or Wilson tonight issued the follow-
ing statement in the form of a tele-
gram to Representative R. L. Henry,
chairman of the house rules com-
mittee:

"I am heartily in favor of legisla-
tion requiring publicity of contribu-
tions to presidential campaign funds,
including both the contests for nomi-
nation and the contests for election
and their publication before the con-
tests. Indeed, I think such legisla-
tion absolutely necessary to the pub-
licization and elevation of our politics.
It would absolutely open to public
view the field in which sinister in-
fluences are most apt to lurk and con-
trol."

CAUGHT BY A PULLEY.
Mason City, Ia., April 8.—Phillip
Falyk today lost his eye-sight, had
one ear torn off and several bones
broken when he was caught by a pul-
ley in a cement plant. He may die.

SHOT BY WIFE.
Des Moines, Iowa, April 8.—Wy-
land Pratt was shot and instantly
killed by his wife this afternoon in
his home in North Des Moines. The
woman gave herself up to the police.
She says she shot in self defense.

LEWIS ON STAND

Man Accused of Using Mails to De-
raud Began Recital of His Finan-
cial Career.

St. Louis, Mo., April 8.—E. G.
Lewis, as a climax of his trial on
a charge of using the mails to de-
raud, took the witness stand in the
United States district court here to-
day and began a recital of his re-
markable financial career, beginning
with his first venture in the publish-
ing field, when he started a maga-
zine with \$1.25. This grew until
he was at the head of business and
banking operations involving several
millions of dollars. After telling of
success of his business he declared
his downfall commenced in 1905,
when the postoffice department is-
sued an order against him. At the
result of this order Lewis said he
lost \$100,000 in advertising con-
tracts and his banking credit was
cut off.

When the receiver was appointed
for the People's United States bank
said he proposed to stock-
holders the extent of their stock
for stock of the publishing company
with a \$2,300,000 increase in its
capitalization. Nineteen thousand of
the bank's stockholders did this,
Lewis said. When the bank was
liquidated on a basis of 87 cents on
the dollar, he said, he made up the
deficit of 13 cents and saved the sub-
scribers from loss by giving them
their full allotment of Lewis pub-
lishing company shares. Lewis said
that because of the postoffice de-
partment's holding up 300,000 cop-
ies of his farm journal, he had to
refund \$12,000 taken in for adver-
tising in the suppressed issue, and
many advertising contracts were
broken.

CUBS WON GAME.
Indianapolis, April 8.—The Chi-
cago Nationals came from behind in
the ninth inning of today's game
with Indianapolis, scoring two runs
and winning 4 to 3. The series end-
ed today, the Cubs winning the
series.

TRAIN JUMPED TRACK.
Milford, Ind., April 8.—A thorough
freight train, the Big Four, to-
night jumped the track, demolishing
the depot on one side of the track
and an elevator and flour mill on
the other. One man was probably
fatally injured.

ROAD DRAGGING BENEFICIAL.
James McDonald, the road con-
struction resident northeast of the
city, having the roads dragged
yesterday, and R. E. Phillips, east
of the city was busy on the roads
with a drag. It is surprising what
results can be obtained at this time
of the year with the drag.

J. F. Brown of Concord was trans-
acting business in the city yesterday.

RIVER AT CAIRO
IS SUBSIDINGSLIGHT FALL NOTED PAST 24
HOURS.Relief Boats Sent Out to Rescue
Maroon People and Stock—Crisis
Below Memphis Fast Passing—
Other Levees Are Holding.

Cairo, Ill., April 8.—The river at
Cairo is slowly subsiding and the
gauges to night registered 53.9, a
fall of .1 in twenty-four hours. Busi-
ness will not be resumed until the
river has fallen several feet and the
danger is past. All foreign labor
was rounded up to day and sent out
home labor will be given employ-
ment in preference to men brought
here by the railroads.

The Illinois Central had a large
force of men working on their sub-
merged tracks to day and hopes to
resume traffic Wednesday.

Relief boats were sent into the
beach bridge country to day to bring
out people and stock.

Fifteen hundred flood refugees ar-
rived at Wickliffe, Ky. The flood
district about Cairo extends from
the ridge levee to above Mound on
the east and from river to river. In
addition to more than a hundred flat
cars loaded with sand-filled sacks
many piles of earth filled sacks have
been placed at points along the
levees. The earth to fill the bags
has been taken from all parts of
Cairo. Citizens offered the use of
the premises and many beautiful
lawns and gardens have been con-
verted into holes by the spades of
levee workers.

Falling at Memphis.
Memphis, Tenn., April 8.—With
the river north of here receding, the
crisis in the Mississippi river flood
situation as far south as Memphis
is fast passing. The levees at Lux-
ora, Golden Lake and Lamberthville,
regarded as threatened stretches, are
holding, and advices to the headquar-
ters of the St. Francis levee board are
more hopeful.

At Memphis to night the river was
stationary at 43.7, a fall of one foot
and seven-tenths. Water finding its
way back into the Mississippi from
the break near Hickman, Ky., is
held responsible for the temporary
check in the fall here.

Gaps in the levee at St. Clair and
Wyanet, Ark., opposite Memphis
are widening slowly and the water
is spreading itself over the greater
portion of Crittenden and a section
of St. Francis county.

River Bulletin.
Washington, April 8.—The weath-
er bureau to night issued this spe-
cial river bulletin:

The Ohio river at Cairo is falling
slowly and will continue to fall at
about the same rate for the balance
of the week. After that time it will
fall more rapidly. The stage at
Shawneetown, Ill., on Monday was
47.8 feet and the crest stage will not
be more than a trifle over 48 feet
within a day or two.

The Mississippi is falling from
Helena northward. At Memphis the
river has fallen 1.6 feet from the
high water mark of Saturday and
local flood conditions are improving
rapidly.

BUSINESS CHANGE
IS UNDER WAY

W. A. Jenkinson Co., Wholesale
Grocers, Said to Have Sold to
George Myers of St. Louis.

While the deal is not yet fully
consummated, it is understood, from
reliable sources, that the business of
the well known wholesale grocery
house of W. A. Jenkinson & Co.
has been sold to George Myers of
St. Louis. Mr. Myers is a St. Louis
capitalist, who owns the controlling
interest in twelve or fourteen whole-
sale grocery houses. He and Mr.
Jenkinson have been friends for a
number of years and it is said that
for five or six years, the St. Louis
man has been trying to buy out the
Jacksonville business.

Recently, according to the story
told, Mr. Jenkinson, who has de-
voted himself very closely to busi-
ness for a number of years and feels
that the future of the business of
the world is in the hands of the
young men, decided that he
would consider the proposition to
sell and the matter has been grind-
ing along for several weeks and all
conditions are now said to be agreed
upon. If reports are correct Mr.
Jenkinson has sold out the business
and has leased his building, and the
firm or corporation will be known as
the Jenkinson-Bode company. Mr.
Jenkinson will have some stock in
the corporation and will devote part
of his time to the business, largely
in an advisory capacity.

Mr. Bode is connected with the
Springfield grocery house which Mr.
Myers controls. Among the cities
where Mr. Myers has the control of
wholesale grocery houses are St.
Louis (3), East St. Louis, Chicago,
Burlington, Hannibal, Springfield,
Litchfield, Cairo and Mt. Vernon. He
is of course able to buy for these
houses in large quantities and has
advantage in that way.

Mr. Jenkinson has been in business
continuously for thirty-two years.
He has made a great success of his
business and no man in the city has a
better standing. It is therefore a
matter for congratulation that the
changes in process will not remove
him from the ranks of Jacksonville
business men.

Mrs. Anna Curran of St. Louis is
visiting Mr. and Mrs. William
Thompson of 820 East State street.

COURT DECISION
MUST STANDw 10c
REHEARING IN PATENT MONOPOLY
CASE DENIED.Action Taken by United States Su-
preme Court—Economy Plans to
be Carried Out—Other Washington
News.

Washington, April 8.—The last
hope that the supreme court of the
United States might re-hear its re-
cent "patent monopoly" decision,
vanished today when the court an-
nounced its refusal to reconsider its
conclusion.

Renewed efforts will now be made,
it is understood, to have congress
amend the patent laws so as to limit
the rights to use patents enjoyed by
their owners. No reason was as-
signed for the denial of re-hearing,
but it is generally understood that
none of the justices who concurred
in the decision desired to re-consider
his vote.

Economy Plans.
Democratic leaders of the house
have determined to stand by their
plans for economy in the appropri-
ation supply bills and have served
notice that the first clash will come
in conference on the army appropri-
ation bill which is scheduled to pass
the senate this week. The senate
committee on military affairs added
to the house bill \$7,537,453.

The house army appropriation bill
if anything will delay an adjourn-
ment of congress in time for the
national conventions it would be a
refusal of the senate conferees to
yield on the supply bills.

The senate committee has recom-
mended an appropriation of \$95,-
314,710, which is \$2,726,925 in ex-
cess of the amount appropriated for
the fiscal year 1912.

Improvements of Roads.
Senator Robert L. Owen, of Okla-
homa, addressed the senate today ad-
vocating Senator Swanson's bill to
appropriate \$20,000,000 annually for
five years to aid the states and local
communities in the improvement of
public roads. The bill provides for
the construction, maintenance and
improvement of post roads and rural
delivery routes through the co-opera-
tion and joint action of the national
government and the several states,
in which such roads may be estab-
lished.

MUST USE BOATS
Only Three Voting Precincts in SS
Alexandria County Outside of
Cairo on Dry Land.

Cairo, Ill., April 8.—Alexandria
county will have a wet primary elec-
tion tomorrow, there being only three
of voting precincts outside the city of
Cairo that are not under water.

Cairo, which is in the flooded Cairo
division, has two polls, one at
the end of the approach to the
Illinois Central bridge and the other made
in the second story of a school house, convenience for
voters must use a boat to get to the
polls.

In Lake Milligan, Beach Ridge,
Goose Island and East Cape precincts
selling Oil of Gladness which do away with
your fears to drown and dry you will be saved.

The voters of Cairo
are more interested in the river than
in the election, and it is expected
that the vote will be light.

GAS EXPLOSION.
Des Moines, April 8.—W. D. Skin-
ner, aged 60 years, treasurer of the
Burlington & Hawkeye Fire Insur-
ance company, was instantly killed,
his wife probably was fatally injured
and W. L. White and wife were seri-
ously injured when a gas explosion
wrecked the Skinner home late to-
night. Attracted to the rear of the
house by the odor of gas, Mr. Skinner
lighted a match. One side of the
house was blown out by the explosion
that followed and the place was de-
stroyed by fire.

FIVE PERSONS DISAPPEAR.
Fulton, Mo., April 8.—The mys-
terious disappearance of five persons
was reported by James Y. Brown,
who lives south of Fulton. They are
his brother, Edward Brown, Mrs.
Brown, two children and a niece,
Phoebe Brown, 17 years old.

Edward Brown and his party ar-
rived here several weeks ago for a
visit with the family of James
Brown, whom he had not seen since
he was 15 years old. Brown and
the rest of the party left the home
of his brother last Tuesday, ob-
sensibly to take a walk. A neigh-
bor, in short distance from the
Brown home saw them passing her
place, but that was the last seen of
them.

FIRE AT ELGIN.
Elgin, Ill., April 8.—Fire of mys-
terious origin caused a loss of ap-
proximately \$125,000 in the business
quarter tonight. The estimated loss:
Isaac Coblen & Co., drygoods, \$50,-
000.

Lethin Brothers, tailors, \$8,000.
Miss Ivy Wallace, milliner, \$7,000.
Elgin Fruit and Candy Co., \$20,-
000.

First National Bank of Elgin,
\$1,000.

KILLED DURING FIRE.
Avenches, France, April 8.—Seven
women and children were killed to-
day in this city in a rush to the
doors in a concert hall, following an
outbreak of fire. Fifteen other wo-
men and children were injured.

UNDERWENT OPERATION.
Claude Strawn, son of James
Strawn, residing east of the city,
who became suddenly ill Friday, un-
derwent an operation for appendicitis

Here is the Most Daring Hosiery Offer We Have Ever Made: Regular 15c Whit-Leather Hose Now 10c

This is not a special sale, nor an introductory sale, but the result of a genu-
ine determination to give our patrons the very best hosiery values ever of-
fered. Whit-Leather Hose need no introduction. We have been selling
them for two years and in that time only two complaints have been regis-
tered. Did you ever hear of any other make equaling this record? We
never did. Consequently we have decided that Whit-Leather are the best
hose made—and to make a GOOD thing BETTER have reduced the price
from 15c to 10c straight per pair. You positively cannot beat this offer any-
where. No need trying.

WHIT-LEATHER HOSE

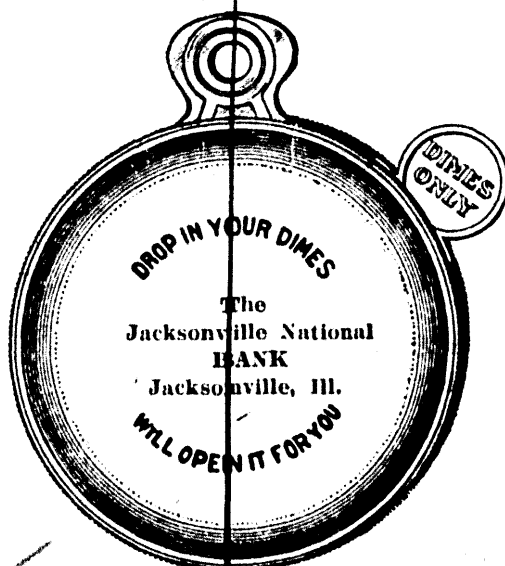

For Women and Children.

are durable, stainless, elastic, economical. They are made to give service,
tough as whit-leather. We guarantee every pair to wear to your entire sat-
isfaction. If you are not pleased with the service they give—and we leave
the matter of how long they should last entirely up to you—return them
and we will give you a new pair or refund your money. That is just as far
as we know how to go in guaranteeing hosiery.
Below we give a schedule by which you may determine the size of hose and
shoe required for children of a given age. Cut it out for future reference. It
will prove quite helpful.

Age.	Shoe.	Hose	Age.	Shoe.	Hose	Age.	Shoe.	Hose

Arts and Crafts in Basketry

We have just received our new spring line of Hawkeye Baskets. These baskets are made by expert craftsmen, some of whom have spent their entire lives in perfecting themselves in the art of basket weaving. The workmanship is not only the best that can be produced, but the materials are of the highest quality that can be had anywhere. In addition to the odd and quaint constructions one of the chief charms of our baskets lies in the artistic colorings. The soft, subdued craftsman colors, blend readily with almost any surroundings.

THE SIR KNIGHTS

Impressive Easter Ceremonies at Centenary Church Attended by a Large Concourse.

The annual observance of Easter by the Knights Templar of this city was of more than ordinary interest and was the occasion of attracting a large attendance, something over a hundred swords being in line, and presenting a fine appearance. The Sir Knights of Hospitalier Commandery No. 31 gathered at the temple on West State street where they were joined by a deputation of Ascalon Commandery No. 49 from Pittsfield and descending to the street were formed in line of march. The following was the order:

Jeffries' Concert band.
Drill squad as escort of honor to the standard bearers.

Past Commanders.
Sir Knights.
The drill squad was in command of Sir Knight J. Hart Johnson, Generalissimo, assisted by Sir Knight Robert Buckthorpe, captain general; the past commanders were in command of Eminent Commander Eli W. Crawford, and the Sir Knights were in command of Sir Knight Joseph Whitaker.

The column marched about the south side of the square going and presented a fine, soldierly appearance. The visitors from Pittsfield were:

J. F. Collier, B. H. Matthews, O. L. Lovell, D. P. Hollis, R. S. Saller, A. F. Hesley, T. E. Smith, J. P. McKinney, A. B. Carey, Jr., W. R. Wells, of Pittsfield; R. T. Dinsmore, J. H. Hack, Nelson C. A. Newman, John S. Flimly, J. A. Farrand, of Griggsville.

Arriving at the church the visitors were the recipients of great courtesy and were escorted to suitable and convenient seats in the body of the church. The decorations were beautiful and very appropriate to the occasion. The grand ritual of the order was duly observed, Sir Knight W. L. Dorian, pastor of the Baptist church, acting as prelate. Both he and Sir Knight F. A. McCarty, pastor of the church, appeared in full uniform and did their respective parts in a fine and eloquent manner.

The special choir was composed of Sir Knights L. L. Johnson, C. W. Cornick, W. S. Badger, and W. W. Gilliam. Miss Mabel Matthews was also present and with John L. Johnson sang most effectively a duet and solo in her usual able and highly accomplished manner.

The following was the order of services:

Sonata No. 4 (Mendelssohn)—Organ.

Call to prayer (responsive).

The Lord's Prayer in unison.

Solo, "Hosanna"—Miss Mabel Matthews.

Responsive reading.

The Gloria Patri.

Scripture lessons.

Duet, "I Waited for the Lord"—Miss Matthews and John L. Johnson.

The Apostles' Creed.

The prayers—Sir Knight William Lewis Dorian.

Offertory.

Hymn No. 169.

Sermon, "Eternity in the Heart"—Sir Knight Francis Asbury McCarty.

Hymn No. 162.

Benediction.

Postlude, "Torchlight March"—(Gilliam)—Organ.

The Sermon.

The sermon by Sir Knight F. A. McCarty, pastor of the Centenary church, was an especially able effort and it is a matter of regret that greater space cannot be given to it. The reverend gentleman took for his text a clause from Ecclesiastes, 3:11, "He hath set the world in their heart, only he took the revised version which reads, "He hath set eternity in their hearts."

The Easter anniversary is the crowning element of a great truth; it is the cornerstone of the Christian faith. To some the date is sad for it recalls the time when in the grave they laid away the form of some one most dear but it also tells in glowing terms of the glorious life which is to come. It stands for the Easter faith and the Easter fact faith in immortality joined with the resurrection of Christ for he made it definite. Before the coming of Christ death was regarded with fear and dread but since he burst the bars of the tomb and rose triumphant on this glorious day death is robbed of its terrors and light and immortality are brought to life. All men do not accept our faith; some doubt it, and some deny it. The Sadducees were vigorous in denying the faith because they didn't want to accept it; they had too much worldliness and selfishness. The man who struggles with honest doubts is not a heretic and if he is truly honest God will bring him to the light.

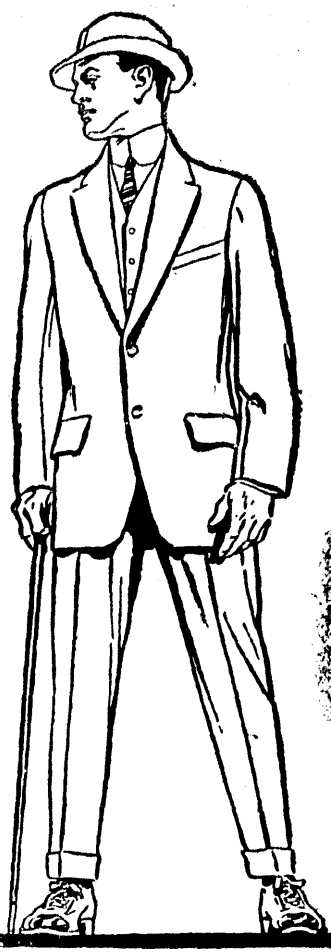

The worst heretic is he who believes and fails to live up to his belief.

Science has sought to throw discredit on the doctrine of immortality and man has sought in vain for scientific demonstration of the eternal life of the soul, but we have a stronger proof than all that. We know that our Redeemer broke the bars of the tomb and grandly triumphed over death and after his resurrection was seen by many witnesses whose testimony cannot be doubted.

We have the belief implanted in our hearts and it cannot be gainsaid. We know from our inmost souls that we shall live forever and if true to our Master it will be with Him.

It is in accordance with eternal justice. Accounts are not all settled in this world. The wicked go unpunished and the good unrewarded. A just and righteous God will not leave things in that way. He will see to it in the eternal world that justice in this world and inequalities here are made forever right.

Let us then in faith and love celebrate this glorious anniversary of the day on which the Saviour arose from the dead; let us be true to his principles and teachings; be honest with ourselves, stand up for the noble tenets of our order and be worthy to bear the sword as were the gallant men who sought to wrest the holy

BANQUET AT COLONIAL INN

Basketball Men of Rount College Enjoy Elegant Spread—Very Rev. J. W. Crowe Was Toastmaster.

The basketball men of Rount college, including members of both first and second teams, enjoyed an elegant banquet Monday evening at the Colonial Inn. The men of the college faculty were also present and Very Rev. Dean Crowe acted as toastmaster at the program, which was given following the splendid spread. The following menu was served in Vickery & Merrigan's best style:

Tomato Bouillon Waiters

Chicken a la Cassiole

Escalloped Oysters Creamed Peas

Potatoes au Gratin

Pineapple Ice

Fruit Salad with Whipped Cream

Neapolitan Ice Cream

Candy Cake Nuts

Coffee

After all had partaken of the many good things to eat, the men listened to the following excellent toasts, Rev. Dean Crowe acting as toastmaster:

"Advancement of Athletics in the College"—Prof. Hickson.

"The Second Team's Place in the School"—Leo Donovan.

"The Outlook"—Edward Alexander.

"The Psychological Moment"—Earl A. Harmon.

The toastmaster also called upon Father P. P. Fornaz and Prof. Quigley, who responded with splendid remarks.

The interest in athletics at Rount increases each year and some splendid material is being developed. This year the basketball season may well be considered a very successful one under the able coaching of Prof. Hickson. Earl Harmon has been captain the past season and is to be succeeded by Edward Alexander. Leo Donovan has been captain of the second team but next year will be manager.

After the banquet the company adjourned to Liberty hall, where dancing was enjoyed.

EASTER HAT NO GUIDE.

Sunday, a young man got on a West State street car, accompanied by a young lady, who had celebrated Easter by buying a beautiful, large Easter hat. The car was rather crowded and the young man did not notice where his lady friend went. Perceiving the hat toward the front he hastily took his seat beside her. Nearly three blocks were covered before he discovered his error and

Anna Held's Opinion of An Automobile

Arthur Buqker Motor Car Co Seattle, Washington.

Gentlemen:

cannot help but say that the big, luxurious Oakland car that took me so easily and comfortably around your beautiful boulevard is the easiest riding American built car I have seen.

Of course, my foreign machines cost me thousands of dollars, but this is the first American built car that I ever thought their equal.

Respectfully yours,

Anna Held.

You will note by Miss Held's letter that she has had experience with foreign built cars which cost her thousands of dollars. You will also note carefully that the Oakland is the first American built car that she ever thought the equal of the high priced foreign made cars. This is one of the best tributes that has ever been paid the Oakland, and, coming as it does from a woman who is in a position to judge of the comparative merits of high priced cars and medium cars, it should carry great weight.

EASTER SERVICES

At the Congregational Church—Interesting Lecture by Miss Neville

The Easter services at the Congregational church were conducted according to the program announced in the Journal and were beautiful and impressive. The music was excellent and all named acquitted themselves with great credit.

The beautiful decorations were admired by every one present and were especially the handiwork of Miss Georgia Fairbank, who generally has that work in charge. A large and highly appreciative audience gathered at the church in the evening to enjoy the lecture to be delivered by Miss Neville on the Holy Land. As the lady had been there so recently and had made such a careful study of it she was well able to treat her subject with intelligence and animation and she held her audience closely interested to the last. Her views are very fine as they are made by artists of Jerusalem and well acquainted with all the particulars to the land made sacred by the footsteps of Him who gave His precious life for mankind.

The talented speaker began at the southern part of the country and took her hearers step by step on up through the land, stopping at various places of interest and graphically describing them till at last she showed the river Abana at Damascus, the stream which the proud Syrian general thought so superior to the Jordan when the prophet told him to go wash in the Jewish stream.

The young lady received many hearty congratulations and compliments at the close of the lecture.

At Westminster. The choir of Westminster church rendered a most beautiful program of music Easter Sunday. The solos by Mrs. E. R. Matthews and Mrs. John E. Robertson were especially inspiring and given in splendid voice. As was also the number by the ladies' quartet with baritone obligato by J. E. Shrewsbury. The violin number by Prof. Kritch was also thoroughly enjoyed and appreciated by the audience.

At Baptist Church. The services at the First Baptist church Easter were most inspiring. At the opening hour the pastor, Rev. W. L. Dorcas, preached on "Jesus Christ Crucified-Glorified," following which the sacrament of the Lord's supper was administered. A large class of members was also received into the church. In the evening the choir, under the direction of Mrs. Kolp, gave a beautiful Easter cantata entitled "Lord of Light and Love."

IMPRESSIVE SERVICES. In connection with the Easter services at State Street church Sunday afternoon a communion service was also held. The decorations were beautiful and the afternoon was one of great spiritual uplift. Eighteen members were taken into the church, fifteen from the older classes of the Sunday school and three adults.

J. T. Osborne has received a Los Angeles paper from his son, E. G. Osborne, who is manager of the C. H. Baker shoe store at that place. The company had a five page advertisement in the paper and Mr. Osborne's picture appeared in the advertisement as one of the managers of the five stores run by the firm.

BIG ASSORTMENT of nobby hats, all shapes, all qualities, will arrive and will be on sale today.

AT HERMAN'S.

Miss Helen Smith, who was one of the debaters on Quincy's successful debating team and has been visiting Miss Marie Miller for the past week, will leave for her home in Quincy this morning. While here she has been the guest of honor at several very pleasant social gatherings. She hopes to return to the Woman's College later.

DEATHS AND FUNERAL

Hamilton. Dr. J. W. Hamilton received a telegram from his cousin, Henry C. Hamilton of Girard, telling of the death of Mr. Henry Hamilton's daughter, Mrs. Charles L. Brayton of St. Paul, Minn. She was 30 years of age and graduated from the Brown's Business college of this city ten years ago. She is survived by her husband and parents, three sisters, Mrs. E. E. Littlepage of Girard, Mrs. Florence Wheeler of Springfield and Miss Marie Hamilton of St. Paul; also two brothers, Roscoe and John at home.

The remains were sent from St. Paul to Girard and the funeral will take place there Tuesday afternoon at 2:30 o'clock. Dr. Hamilton expects to attend the services.

Greenwalt. Mr. and Mrs. J. C. Neal of Murfreesboro received a message Monday morning announcing the death of Mrs. Nell's brother-in-law, Augustus Greenwalt, who passed away rather suddenly Sunday at his home in Wakita, Okla.

Mr. Greenwalt was 61 years of age and he formerly resided near Manchester. Several years ago he removed with his family to Iowa and after residing there for a number of years went to Oklahoma, where he has lived for the past fifteen years. He is survived by his wife, two sons, William Greenwalt of Kansas City and Augustus, Jr., of Wakita, and two daughters, Mrs. Grace Knight of Arizona and one residing in Iowa.

The remains will be brought to Manchester and funeral services will be held in the Baptist church at that place.

Pelham. R. E. Pelham and Miss Mary Pelham have returned from Salisbury, where they were called on account of the death of their brother, D. C. Pelham, who died at his home, at that place Tuesday, April 2.

D. C. Pelham was born in Sangamon county, January 11, 1837, and was married to Mildred Patterson, December 27, 1866. He is survived by five children: Arthur N. Pelham, residing near Salisbury; Mrs. Ada L. Lyda of Atlanta, Mo.; Albert Pelham of Lurora, Ark.; Charles O. Pelham, of Salisbury, and Leslie A. Pelham, residing at home. He is also survived by three brothers, Robert E. Pelham of Jacksonville, John Pelham of Seattle, Wash., and W. H. Pelham of Olathe, Kan., and two sisters, Miss Mary Pelham of Jacksonville and Mrs. J. A. Mitchell of Mountain Grove, Mo. He is also survived by nineteen grandchildren. Mr. Pelham sustained an honorable relation to the domestic, religious and political institutions of the country and as a husband and father he met all his obligations. At the outbreak of the Civil war he enlisted in the Thirty-third regiment, Co. D, Ill. Inf., August 16, 1861, and served until the close of the war. He was promoted to corporal and when discharged was a sergeant.

Interment was made at Salisbury cemetery and the services were in charge of Rev. J. Lenton, of Springfield, who was Mr. Pelham's messmate in the war and his long friend.

Diamond. Word has been received in the city of the death of Frank Diamond, who passed away at 4 o'clock Monday afternoon at his home in Toronto, Canada. His wife was formerly Miss Joaquina Smith, daughter of Joseph Smith of 1912 North Main street. Those surviving are the wife, one daughter, Virginia, his mother and two sisters.

The funeral arrangements had not been made.

Crawford. Mrs. Sarah Crawford died Sunday, at 12:30 o'clock at her home in Mercedosia, from diseases incident to old age. She had been ill about a month.

She was born in Ohio 85 years ago and for a great many years had been a resident of Mercedosia. She was the widow of the late John Crawford, who was a sergeant in the Civil war and died several years ago.

She was the mother of four children, two of whom survive her, Mrs. E. P. Heck of Jacksonville and Mrs. Isaac Hayward of Mercedosia. The funeral services will take place this afternoon at 2:30 o'clock at the family residence, in charge of Rev. Mr. Sorrenson. Interment will be made in the Mercedosia cemetery. Mr. and Mrs. E. P. Heck will attend the services.

Parker. The funeral services of Mrs. J. M. Parker were conducted from the residence at 1012 Sterling Sunday afternoon at 1 o'clock. Rev. Mr. Owens of Hersman and Rev. Scott Peak of Exeter officiating. Music was furnished by Mr. and Mrs. William Bond and Mr. and Mrs. Benjamin Rigg. The flowers were many and beautiful and included a pretty design from the K. of P. lodges of this city. The services were cared for by Miss Daisy Clark.

The remains were buried in the Rigg cemetery and the bearers were William and Richard Riggs, and Edwin, William, Arthur and Ollie Clark.

Among those who attended the services from this city were Mr. and Mrs. John S. Sheppard and daughter, Edna, Mr. and Mrs. E. E. McNeil and daughter, Alice, Mr. and Mrs. George Parker and daughter, Florence, also Mr. and Mrs. Harry Corbridge of Bluffs.

AT THE GRAND TO NIGHT. Joseph P. Sheehan, with a company comprising the foremost artists on the American stage, will be heard at the Grand Opera house to night in the world's famous comic opera, "The Love Tales of Hoffman," which is said to be the greatest comic opera the world has ever heard; not only in New York and Chicago and other cities in this country, but in London, Paris, Berlin and other music centers of Europe it has caused the greatest enthusiasm.

Miss Lila Seymour of the Illinois Woman's college spent Sunday at the home of her parents near Franklin.

CITY COUNCIL HELD REGULAR SESSION

Showing Horses on Square Is Contrary to City Ordinances—Committee Named to Confer With Business Men's Association and Labor Assembly About Street Car Franchise.

The regular weekly meeting of the city council was held Monday morning, when some routine business was transacted and several other matters had attention. Mayor Davis and all commissioners were present.

A petition signed by 57 business men was presented, asking that Jacob DeOrnellas be granted permission to exhibit two stallions on the public square. The petition caused some discussion, as there is an ordinance which prohibits showing stallions in the business portion of the city. Mr. Knollenberg was in favor of the petition, as he thought it would be a good thing to have a horse show on the square in order to attract people there. It was decided, however, by a vote of four to one, that the petition could not be granted, in view of the existing ordinances.

A communication was read from Joseph Manos claiming that on account of the opening up of Capps pond and the water flowing therefrom his property was being damaged and that he is unable to plant his garden. The trouble there and at some other places in the same locality will have to be looked after by the city and a committee, including Commissioners Brown, Engel and Newman was named to look into the matter and make a report.

Mr. Brown said he had a letter at his office from some property owner, whose name he could not for the moment remember, asking for a rebate on a sidewalk, for which the permission had been granted several months ago, although the walk had not been laid. The records of the council showed that when the action was taken, cutting out rebates for sidewalks at all property owners who had petitions granted, but walks unmade were given sixty days in which to lay such walks and then the authority given by the petition lapsed. The report of "Square Paver" was read and showed the following for the month of March, fines collected, \$183.10; city costs, \$30.80; justice peace costs, \$52.90; back costs collected, 50 cents; total receipts, \$267.50; J. P. costs retained, \$52.90; paid city, \$214.

The report of J. T. Owen, sexton Diamond Grove cemetery, showed twelve graves made.

Mr. Newman reported that the Illinois Telephone Co. had decided to run wires from a pole into the Ayers National bank building and not by means of a conduit as planned for a time.

Mr. Knollenberg said that the council had passed a franchise ordinance for the Jacksonville Street railway, which he thought a good franchise and he made a motion that the mayor appoint a committee (including the mayor) to meet with representatives of the Jacksonville Business Men's association and the Trades & Labor Assembly and take measures to support the ordinance at the election. Mr. Engel suggested that the motion be made to read that the committee should "confer" with the other bodies mentioned and in this form the motion was passed by a unanimous vote. Mayor Davis decided to name the council as a whole and Mr. Newman as president of the Business Men's association said that 9 o'clock Thursday morning would be a good time for the conference, as a meeting has been called at that hour for another purpose.

An ordinance prepared by City Attorney Haingrove, relative to picture shows was then ready Mr. Engel. The ordinance is based upon ordinances elsewhere, upon recommendations of the state fire marshal and the state board of underwriters and is intended to make moving picture theaters fireproof. The ordinance will be considered at a later meeting.

SOCIAL EVENTS.

Gov. David Ball of Louisiana, Mo., who made an address at the court house last night, was a dinner guest at the home of Edward G. Saye on South East street. Mr. Saye has been a friend and admirer of Governor Ball's for a number of years.

The annual Easter reception given by President and Mrs. J. R. Harker was held Monday night at the Woman's college. The reception is always an event looked forward to with no little interest by the student body and friends of the institution, and on this occasion nothing was left undone to make the visitors feel that they were not heartily welcome. Dr. and Mrs. Harker and Miss Weaver received. There was a large attendance, the guest list including many friends of the students from out of the city. Johnson's orchestra furnished music for the evening and the hours were happily spent in a social way. Excellent refreshments were served in the Belle Lettres and Phi Xi society halls and the reception as a whole was one of special pleasure.

The regular dance of the Country club was held Monday night at Peacock Inn. A large number of guests from out of the city were present.

ADDRESSED STUDENTS.

President C. H. Baumelkamp of Illinois college addressed the students at the High school Monday morning, at the regular chapel hour. He spoke primarily upon the prospects in life for the average student and held out words of encouragement to those who came in this class. He showed that the great majority of men and women who have made their mark in the world were not composed of those who had carried off the highest honors in their class, but those who were ever busy at their appointed task and who had a goal in view. Dr. Baumelkamp interspersed his remarks by a number of stories cleverly told and the students were highly pleased with his half hour's visit.

PAID TRIBUTE TO CHAMP CLARK

Hon. David A. Ball Presented Claim of Missouri Congressman to Presidential Nomination—Heard by Large Audience.

Hon. David A. Ball, ex-congressman and lieutenant governor of Missouri, held the close attention of a large audience at the court house Monday evening while he presented the claims of Champ Clark to the nomination for president of the United States on the Democratic ticket. Mr. Ball is a brilliant and highly entertaining campaign speaker and certainly no candidate has had higher tributes paid him than those spoken last evening concerning Hon. Champ Clark, Judge Owen P. Thompson acted as chairman and introduced the speaker.

"Champ Clark is one of those Abe Lincoln kind," Mr. Ball said. "You can't buy him, you can't bribe him and nothing will scare him. He is honest, kind-hearted and big enough in both body and mind to become president of the United States." He compared Clark and Lincoln, showing that they came from the same state, suffered the pangs of poverty, both early lost their mothers and were reared by foster parents. "While they were alike in goodness of heart," he said, "Clark surpassed Lincoln in education. I will not say, however, that he has a greater mind for in my opinion no man was Lincoln's equal in a knowledge of men. God in his wisdom has always reached down and taken from the common people some men to serve his purpose and I believe he will call my friend, Champ Clark, a man of the common people, to again serve and lead his people to better things." Mr. Ball spoke of Clark's career in congress and of his stand on all the important issues of the day. He made a special plea to the voters of Illinois and the people of the middle west to support their neighbor in the primaries to day. "Champ Clark came to the front by his own energy, goodwill and honesty. He is a homespun man and he'll meet you that way."

WON SCHOLARSHIP.

E. R. Spencer, superintendent of Schools at Waverly has been notified of the appointment of a scholarship in education at the University of Illinois. Mr. Spencer is a graduate of the U. of I. When he entered the university as a freshman he lacked almost all of the studies required for a high school diploma, and this work he made up and graduated from the university with all his credits. Mr. Spencer will enter the university in the fall.

Mrs. Lydia Nifong returned Monday afternoon from Franklin, where she had been to see her sister, Mrs. Elder, who is seriously ill.

James Alexander who has been visiting Jacksonville relatives and friends will return to day to his duties at Illinois university.

HAS ENDED LONG LONG AND USEFUL LIFE

F. M. Springer Passed Away Sunday Morning—Funeral Will Be Held Today.

F. M. Springer, one of the oldest and most highly respected citizens of Jacksonville passed away at 6:15 Sunday morning at his residence on Howe street.

Mr. Springer, the oldest of a family of five children, was born in Fayette county, Kentucky, April 11, 1820, and had but a short distance before reaching the century mark. Like many others of the blue grass state his father thought he could do better for his family in the Sucker state and so when the son was a little past 12 the father came to this county and worked at his trade of a cabinet maker and being a good mechanic and an upright man he succeeded well and in time sent for his family or rather went back after them and arrived here in 1833. Mr. Springer's mother was blind, but she was a dutiful parent and did all in her power to rear her family in the right way and her success showed she took the right course with them. Mr. Springer had a sister who married the late Uncle Robert T. Cassell, brother of Dr. John T. Cassell, who lived so long in the long, white brick house which stood on the ground now occupied by State Street Presbyterian church. The family were accompanied by the two Cassells above mentioned and they were among the pioneers who did so much to make this country what it is.

It was then that the log cabin was the only dwelling known and while it was rude and lacking the many comforts now enjoyed by people of the present day the ones who lived in such structures had doubtless more solid comfort than is known at this time for they were genuine and stood by each other; all were hospitable and the cabin was seldom so small to accommodate all whom the owner saw fit to entertain and room was made for them in some way and amid such surroundings, with good men and women, sturdy pioneers and pious mothers, Mr. Springer grew to manhood and attended a subscription school.

He often used to talk of the early days of Antioch church, the founding of which he well remembered and he mentioned the names of many who were prominent in that good work, for he was well acquainted with them and himself did much to advance the good cause.

Uncle Robert Cassell was the pioneer in his vicinity in Kentucky and he first led the way to this state, and went back telling the people there what a good state this was and induced Mr. Springer's father to come here too. Mr. Springer's older brother was also one of the little company and being a carpenter he found employment with James Cassell, a cousin of Uncle Robert, and worked at his trade here. He had a hand in constructing a brick house just standing on East State street, and several others yet to be seen here in the city.

Another friend and companion of the Springers was Col. George M. Chambers, one of the many good citizens which Kentucky has supplied to Illinois.

Not many years after coming to this state Mr. Springer's father died and left his family to get along as best they could, but all were strong and of good habits and found plenty of employment and managed very well. The mother lived to the good old age of 85 and was tenderly cared for by dutiful children all her life. Mr. Springer was always industrious and followed farming a great deal of his time, though he also tended a sawmill a good while and as the machine was run by horse power it wasn't very rapid.

In 1855 Mr. Springer moved to the town and occupied a home on the southwest corner of North West and West North streets on the block formerly occupied by the City Mill. The first mill on that spot he helped build and the enterprise was supervised by Mr. Cassell and his brother Robert. The millright in charge was Mr. McEvers, father of Cicero McEvers of this city. The mill was a small affair when first erected, but received addition after addition until it assumed large proportions.

Along in these years a young man named Oscar D. Fitzsimmons came here from Springfield and engaged in the milling business at the old Morgan mill north of the city along with Ira Davenport, father of David, Braxton and Bazzil Davenport and the wife of Dr. G. V. Black, now of Chicago. Later on the firm bought the City mill and in time the partnership was dissolved and in 1870 the mill was bought by a man from Lancaster, Ohio, Col. E. C. Kreider, who ran it for a while and became such a prominent figure in the history of this place up to the time of his death. He afterward took in Mr. Fitzsimmons who couldn't bear to be out of business and the firm of Fitzsimmons and Kreider flourished for many years.

Mr. Springer worked in the mill for some years along with a practical miller from St. Louis while Mr. McEvers built another mill west of the city and made very good flour and meal though the power was supplied by oxen. Adam Allison, residing a few miles west of the city on the well known place just a short distance west of the Point, also had a mill run by oxen power and made a good article of flour and meal. Those were primitive days when men brought their grain a long way, often a small amount of corn on horseback, though Mr. Springer used to say he never saw a man with a bag partly filled with corn and a stone in the other end to balance it nor did he ever see a man on horseback carry the bag on his shoulder to relieve the horse.

About this time another man arose in the business horizon John P. Alexander, a man of wonderful capacity and energy. From one degree to another he rose till he became the well known and far famed cattle king of the west. He bought livestock far and near and shipped to New York mostly and for a time

As "Ed" Howe Sees Life

A young wife shouldn't talk all the time about her baby; occasionally she should say a good word for its father.

A verdict of "not guilty" is not a victory; victory is not being accused.

In settling most questions, you must consider how others look at it; not how you look at it.

No one admires a fighting hen; but many people will pay an admission to see a good rooster fight.

Keep your eyes open; there are bargains, as well as old and tiresome things, passing in the road.

You are often whipped unfairly; still, people only know that you are whipped.

There will always be dissatisfied leaders to start new revolts, and hordes of worthless men to whom the revolution, with its excitement and loot, will be a luxury. Therefore if revolution will not be a luxury to you, enlist on the side of order.

A bad day is the time to stir around; your opponents are then sitting around the fire.

If you are big enough, people will get out of your way when you blow your horn.

The great trouble with the dashing, promising, brilliant man is that you have no assurance that he will be able to carry out his schemes.

controlled the market there. Mr. Springer entered his employ and rode many miles in all directions buying cattle and driving them in and he was always reliable and trustworthy.

This life proved rather strenuous for Mr. Springer and he sought something a little different and engaged in the livery stable business with A. G. Link, a man well and favorably known over a large territory. They occupied the structure on East Court street just east of the opera house building for a number of years.

The firm afterward sold out to Kelley & Son and Mr. Springer bought what was known as the Litter barn which was a smaller building and carried on the livery business without a partner, his barn standing on the spot occupied by the city buildinks. He sold the property to Howard Thompson who erected a structure 150 feet square and did a large business in livestock of all kinds and there a host of cattle for feeding were brought and sold. The building was destroyed by fire, making a fearful conflagration.

Mr. Springer's next business was with B. F. Bergen as partner in the brick livery barn standing on the southwest corner of North Main and North streets, the spot now occupied by the large establishment of Cherry. A few years the firm discontinued business.

The ground occupied by the barn of Howard Thompson was again covered with a large and commodious structure and the business of livery and livestock was carried on by Mr. Springer and Mr. Thompson, but in February, 1889, the structure was again burned and the lot was later sold to the city and is now occupied with the public buildings. Since that time Mr. Springer has not been engaged in any regular business.

When quite a young man Mr. Springer was married to a sister of John T. Alexander and lived with her happily for a number of years until death claimed her. He was married the second time to Mrs. Long, a sister of his first wife and for a good many years they too lived a devoted and happy life till death again took from him his life partner.

After a time he married Mrs. Jones, sister of Rev. J. L. Wylder of this city, but she was not spared to him for many years and again he was left a widower. He afterward married Mrs. Hess with whom he spent the last years of his life quietly enjoying the fruits of an honorable and upright career, respected and honored by all who knew him as a man of strict integrity. He was especially an enemy of intemperance and was willing to do anything he could to counteract the evils of strong drink, to which he was never addicted.

His living children are John of the East St. Louis stock yards and Miss Kate of this city. George, Hettie and Mrs. Laura Hamilton, wife of David Hamilton of Kansas are dead.

During his life Mr. Springer well knew and was associated with many men prominent in the history of this part of the state. One of them was Gen. John J. Hardin, the eloquent man who so sadly was sacrificed in the war with Mexico. He was a brave and eloquent man and patriotic as well. George Brown, father of W. F. Brown of this city, was near General Hardin when the latter was killed.

Another man whom he well knew was Governor Duncan, a great man and yet one of the people. He often used to hunt prairie chickens near Mr. Springer's home and was well known by all. He used to have some captive bears which were a great source of amusement to the children. Mr. Springer's brother helped build the house the governor occupied and which was afterward remodeled into the building now occupied as a home by Judge Kirby.

Richard Yates was another rising young man whom Mr. Springer used to hear debate at the meetings of the lyceum, but no one then dreamed of the fame awaiting the young man.

Others whom Mr. Springer well remembered were Judge Thomas, Josiah Lamborn, Murray McConnell, David A. Smith, D. B. Ayers and many others. He was a schoolmate of M. P. and A. E. Ayers and says young Gus was always up to all sorts of mischief. The old log school house stood on the spot now occupied by the German Lutheran church. The teacher was Samuel McClure who ranked with A. K. Barber and Horace Spaulding as an instructor of the young. Mr. Catherwood and others who were instru-

THE PLAYGROUND

SUCCESSFUL MEETING FOR ORGANIZATION.

Directors Selected, Constitution Adopted and the Enterprise Fairly Launched.

There was a successful meeting at the library building last evening for the purpose of organizing a playground association, adopting a constitution, selecting directors and placing the enterprise on its feet. There was a good attendance and a feeling of enthusiasm for the project. In the absence of L. W. Chambers, who was obliged to be elsewhere, F. J. Heintz was chairman and Mrs. C. E. Cole was chosen secretary. On taking the chair Mr. Heintz spoke at some length on the great importance of playgrounds and eventually of a commission which would have supervision of the parks, playgrounds and trees of the city. The cities need parks and playgrounds as a financial asset. Rochester, N. Y., and Kansas City, Mo., exceed all other places in the amount of space devoted to playgrounds and parks. The gentleman read an able article from World's Work on the subject and emphasizing the value of playgrounds and the great importance they are to all cities. He also called attention to the way the parks of the city are giving way to time, walks, telephone companies and the like and the importance of looking out for the future in that respect. He said at Nichols park a nursery could be conducted which would supply all needs of the city's parks and playgrounds. The school house grounds in the second and fourth wards should be equipped with swings and other articles and the third should acquire more ground and have it equipped too. The gentleman's remarks were heard with much interest.

Several other persons spoke, but it is impossible to give anything like an adequate idea of their remarks owing to the lateness of the hour and the lack of space.

S. W. Nichols was asked to speak and told of additional ground he had rented, making the first ward playground of ample size. He also told of his hopes and plans for the future and great desire for the welfare and happiness of the children.

Mrs. Cole was asked to speak on the value of directed play. Her excellent remarks deserve quoting in full so good were as well as the words of all who followed. She told in brief of the financial value of well directed play. It brought the world to the child, taught him self control, kept him from mischief, developed his character and helped in all ways, mentally, morally and physically to make better men and women.

Prof. R. O. Stoops, principal of the high school, spoke on the playground as the important supplement to the public school. He told how small was the fraction of the year during which the child is under the supervision of the teacher and the great necessity of some manner in which he may put in his leisure hours. There is in the boy a pent up energy that must have vent and many a foolish or unlawful prank would not be committed if the boy had a playground on which he could exercise. In most instances in which boys have been brought before the juvenile courts their offenses have been committed for the fun of being chased. Give them a chance to work off their energy, a chance which the schools cannot afford.

The state must educate as a matter of self protection; then educate all along the line. Mrs. Helen Jordan gave a very interesting account of her work for three years with what was probably the pioneer playground of Chicago. A playground was organized at the stock yards as a dire necessity. The babies were cared for in places prepared while the mothers were at work; the sick were sent to hospitals, but the boys were running loose and being a nuisance. A playground largely solved the question and the great city has thirteen at present.

Mrs. L. Adams gave a very interesting talk on what other cities are doing on this line. She showed a map of the state indicating by stars placed on where the cities are which have playgrounds. She told of the experiment of placing a tadpole in the dark for thirty days, during which it failed to grow; it was placed in the sun and grew right away; again it was placed in the dark and stood still and again was taken out and permitted to grow, became a stunted frog. So with children who have no healthy chance for play.

Of cities with playgrounds Illinois has 12, Wisconsin 58, Indiana 8, Kentucky 2, Missouri 3, Iowa 4, Massachusetts 21, New York 32, and country there are 155 cities of less than 50,000 inhabitants which have playgrounds; the ones with supervision have increased 50 per cent in the last year. Rev. Clyde Darsie told of the school yards in Quincy which were equipped with playground accessories bought by enterprising and various efforts of the pupils and with good success. The city is also moving in the direction of public playgrounds.

Mrs. Parsons presented the following constitution, which was adopted:

1. Name.—The name of this organization shall be The Playgrounds Association of Jacksonville.

2. Object.—Its object shall be to assist in procuring and maintaining public play grounds in and around Jacksonville, Illinois.

3. Membership.—Any resident of Jacksonville or its adjacent community may become a member without fee.

4. Government.—The government of this association shall be vested in a board of twenty directors which shall be elected at the annual meeting and which shall direct the work of the association.

5. Officers and committees.—The officers shall be a president, a vice-

president and a secretary, who shall be elected by the directors immediately after the annual meeting. Such committees as may be necessary shall be appointed by the directors. The officers elected and the committees appointed shall serve until their successors are elected or appointed.

6. Meetings.—The annual meeting of the association shall be held on the second Monday of February at 7 o'clock, p. m., at a place designated by the officers.

The annual meeting of the directors shall be held immediately after the annual meeting of the association.

Special meetings of the association may be called by the officers or a majority of the directors at any time. Notice of the meetings of the association and the annual meeting of the directors shall be given by publication in at least one of the daily papers of Jacksonville at least three days prior to the meeting.

Notice of special meetings of the directors may be given by telephone or otherwise.

7. Quorum.—Ten members of the association and five members of the board of directors shall constitute a quorum at any of their respective meetings.

8. Amendments.—This constitution may be amended and by-laws may be adopted by a two-thirds vote of the members present at any annual or special meeting of the association or by a unanimous vote of the directors present at any regular or special meeting of the board of directors.

The following directors were chosen:

S. W. Nichols,
Frank J. Heintz,
Mrs. J. A. Parsons,
George W. Davis,
Mrs. C. E. Cole,
Charles W. Brown,
J. W. Blackburn,
Mrs. A. L. Adams,
E. M. Vasconcellos,
J. K. C. Pierson,
Mrs. William Newman,
L. W. Chambers,
Rev. Clyde Darsie,
Abram Wehl,
Dr. David Reid,
R. O. Stoops,
D. E. Sweeney,
G. E. Doying,
Miss Louise Capps,
Frank Byrns.

An opportunity to sign the constitution was given and many did so. The directors will meet soon and choose officers.

HOME FROM WEST.

Mr. and Mrs. Theodore Tyrrell Return After Delightful Visit.

Mr. and Mrs. Theo. Tyrrell arrived home Saturday noon from an extended trip through the west. They left home, July 12, via the northern route to Seattle, Wash., where they spent a day with George Vickery and family, formerly of Jacksonville, and then in the evening, they went by boat to Lopez Island for a visit with Mrs. Tyrrell's brother, B. F. Wood, and family, whom she had not seen for nearly 25 years, and who had been there for 33 years. Here they remained nearly two months, visiting and sight seeing, among the islands, also visiting the fish traps and canneries. It was, indeed a most interesting sight to see the fishermen taking fish from the traps and selma.

Leaving Lopez Island September 4 they went to Seattle and Portland for a week's visit, thence to San Francisco, where they made a short stop and took in some of the most noted sights and places. From Frisco they went to Los Angeles and there spent the winter with their daughter and her husband, Mr. and Mrs. Ben Kirby and also met a number of former Jacksonville people, who now live there. From Los Angeles they made many short trips out and visited the most noted places, including Long Beach, Catalina Islands, Venice, Redlands and San Pedro. They had a most enjoyable stay there and were saved from the tedium and trouble caused by the severe winter here.

Leaving Los Angeles, March 29, they returned home via the southern route, arriving in Jacksonville Tuesday and from there made a short trip to LeRoy, Kan., for a few days' visit with Mr. Tyrrell's sister, Mrs. L. L. Ludwig and family, whom he had not seen for several years. Leaving LeRoy Friday afternoon they came on here. Their numerous friends will be pleased to see them and they are indeed glad to be at home again.

DUEL IN A GRAVE.

Among many eloquent discourses preached in Jacksonville on Sunday last, commemorating Easter was the one given at Grace church, entitled a "Duel in a Grave." The text was "Because I live, ye shall live also."

After a beautiful description of the sufferings of Jesus upon the cross of Calvary, Dr. Miller argued that although there was a great logic in the book entitled "The Ascent of Man" and that it must be admitted that man had in him much of the animal nature, there was no other creature but man susceptible of almost infinite development, and that the great Creator of the universe could not possibly leave the greatest of all his works unfinished, and that the summum bonum of the gospel was that man should finally be like Jesus, like the Creator, himself. We should be like him, for we should see him as he is.

He then spoke of the great conquerors of the world's history and their successful conquests, but the greatest of all conquerors was death, who had never been vanquished, until the humble Nazarene entered the grave and there alone in the greatest battle that was ever fought, which was to affect all people of all ages, Jesus met the enemy of all mankind and the conqueror triumphed over more than conqueror.

A most earnest and eloquent exhortation was made to the congregation to accept the gospel and reap the benefits of this greatest of all victories.

S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice, free to all who write.

MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Scottville, Mich.—“I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

“I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.

“I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine.”
—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy for woman's ills known.

A CHAUTAUQUA

PROBABILITY THAT WE SHALL HAVE ONE THE COMING SUMMER.

An Important Event for the City in Every Way and One That Will Mean Much Hereafter.

For several days the matter of a chautauqua for Jacksonville has been considered and as each day passes the probability grows and soon we hope it will be a certainty.

Several days since James H. Shaw of Bloomington visited the city in company with Rev. A. F. Ewert of Carrollton and conferred with some of our business men's association members regarding the project and the matter seemed favorable to them and Sunday afternoon in the office of Dr. C. E. Black a second meeting was held and the matter had further consideration and considerable discussion.

Some time since there was an effort made to have a home coming in connection with the commencement exercises of the various educational institutions, but it was not deemed practicable. Some talked of a chautauqua, but no one seemed ready to go ahead and so the matter has been permitted to drift, but since the visit of Mr. Shaw the enterprise has assumed a definite shape.

The gentleman has had large experience in conducting these enterprises and have a number under way for the present season and can add Jacksonville to his list, so that his risk will not be so great on that account. His offer certainly seems fair. He sells a small amount of stock, which, in reality is season tickets amounting to something like \$2,000 and the remainder of the expenses he pays out of the ordinary sale of tickets. Should the affair prove profitable, the Business Men's association will receive 25 per cent of the profits, but if it proves a loss Mr. Shaw will stand it.

The plan is to invite all the educational institutions in the matter, have a general home coming the latter part of August, enlist all the public and private educational institutions in the city and in this way a long pull, a strong pull and a pull all together there is no reason why the affair may not be a success. For years Jacksonville citizens have paid large sums of money in chautauquas at other places. Now why not keep some of that money at home and attract people here from other places? Surely this seems reasonable.

Mr. Shaw believes in the camping out plan and while it may not be so much of a feature at first it rapidly grows in favor. The question of location will be discussed and the whole matter laid before a full meeting of the Business Men's association Thursday morning.

Last evening the commissioners of Nichols park met with one of the chautauqua committee and tendered the enterprise the use of a portion of the park south of the lake, on the east side of the south part of the grounds. There is much shade there and good facilities for the gathering. There are several wells and various facilities and attractions in the way of boating and the like. This offer will be discussed at the park board further tendered the use of the grounds in the vicinity of the band stand for tenting, though it could not be especially inclosed. The results of the meeting Thursday will be awaited with much interest.

THE WEATHER.

The temperature for Monday according to G. H. Hall, weather observer at Alexander, was: Maximum 61, minimum 32.

Albert Jewsbury, of Merritt was among the business visitors in the city yesterday.

TO THE REPUBLICANS OF ILLINOIS:

So many misrepresentations have been published concerning President Taft and his campaign for renomination that I beg to present to you some obvious facts regarding the actual political conditions throughout the country.

The renomination of President Taft is certain. He now has more than half the number of delegates required to nominate.

These delegates either instructed or pledged to the President, fully half of whom were elected under primary laws provided by the states, have been selected in New York, Iowa, Indiana, Michigan, Missouri, Colorado, New Mexico and the Southern States.

The President is sure to carry Pennsylvania, New Jersey, the New England States, Ohio, the Mountain States, and the Pacific Coast States.

He will have a majority of the delegates from Minnesota, South Dakota, Iowa, West Virginia, Kansas and Nebraska.

These states will give him many more than enough votes to nominate him on the first ballot in the national convention.

In view of this fact, continued opposition to the renomination of the President is only giving aid and comfort to the common enemy of all Republicans—the Democrats.

President Taft is the only Republican who can carry New York, New Jersey, New England and the so-called doubtful states in November.

Col. Roosevelt was defeated in the New York primaries this year by a popular vote of three to one, resulting in the selection of 83 delegates to the national convention for Taft to 7 for Roosevelt.

Col. Roosevelt lost New York in 1910, but the Republican party won back the state legislature without his leadership in 1911.

The injection of his personality into the campaign in Massachusetts, Connecticut, New York, and Indiana in 1910 resulted in the loss of all these states, indicating that he cannot hope to carry them under any circumstances this year.

The American people are opposed to a third term for any President. This issue was raised against Grant in 1880, was the issue of the campaign of 1874 and the Republicans lost every state election that year from Massachusetts to the Mississippi River. It cost the Republicans 440,000 votes in the seven northern states alone.

One-half the Republican members of the electoral college will be chosen in New England, New Jersey, New York and Pennsylvania, all of which oppose a third term for any President.

The administration of President Taft is marked by practical progressive achievements and reforms.

The Republicans of the country in the National convention will endorse the record of the Taft administration.

To act otherwise is to repudiate the platform of 1908, which has been faithfully carried out by President Taft.

No party can apologize and win.

The Taft administration has been endorsed by every Republican convention since 1908 and by none was it endorsed more strongly than by the Republican convention of New York in 1910 at Saratoga, which was dominated completely by Theodore Roosevelt.

The achievements of President Taft's administration, as they affect the welfare of the whole people, far overshadow any act which may have met either with individual disapproval or the disapproval of some class or section.

This fact is strikingly proved by the recent results of primaries and caucuses in agricultural Iowa, where six congressional districts whose representatives in Congress voted against Canadian reciprocity have either selected delegates instructed for renomination of the President or pledged their support.

The farmers of these districts did not forget the splendid record of President Taft on the peace treaties, scientific revision of the tariff, conservation and other things wherein he conscientiously acted for the good of the greatest number of his countrymen.

As to Canadian reciprocity, President Taft and Colonel Roosevelt are in the same boat. Colonel Roosevelt endorsed it in four speeches.

Theodore Roosevelt, at the end of his first term as President, demanded an endorsement in the shape of a renomination.

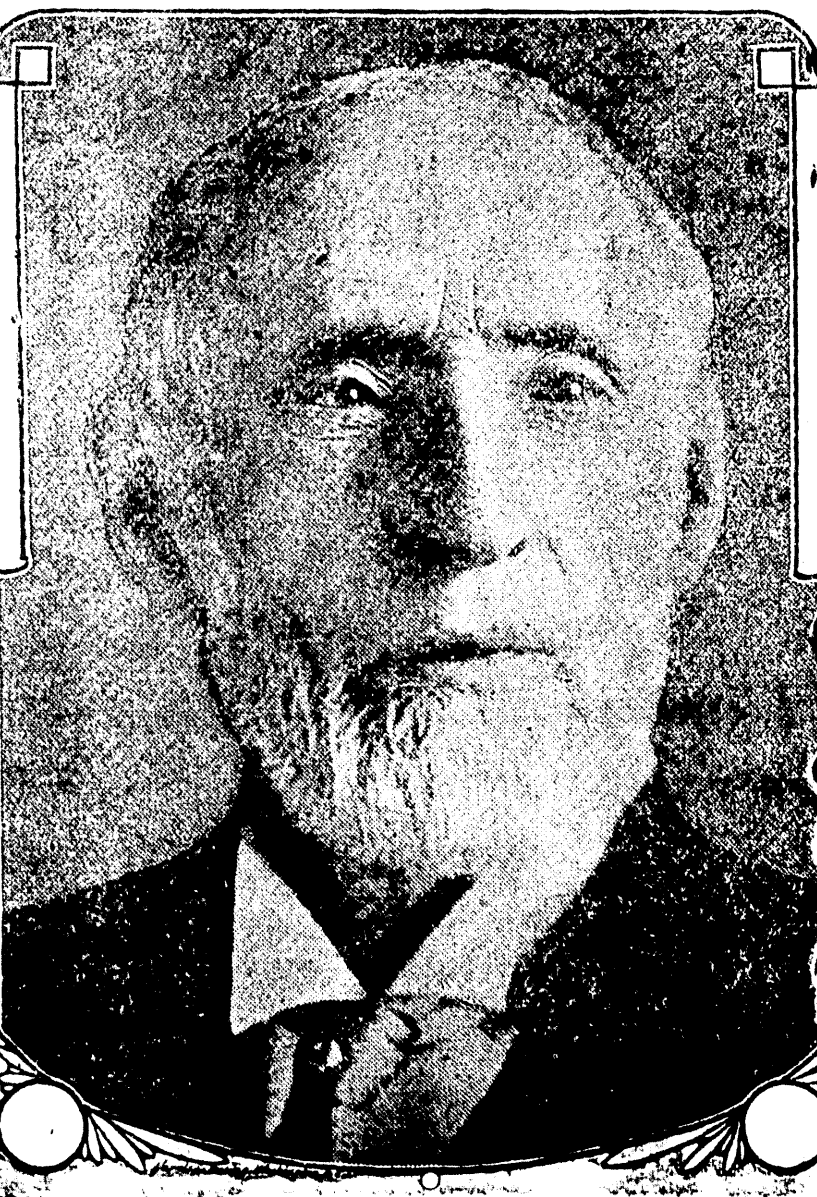

President Taft is entitled to the same SQUARE DEAL.

REPUBLICANS OF ILLINOIS: The issue is not one of expediency or of personality.

But shall the administration of President Taft, which is the record of the Republican party, be endorsed?

About the only Food you eat that hasn't Gone Up in Price

YOU know how much more you have to pay now for every-day foods than you paid a few years ago. Meat, flour, sugar, milk, eggs and similar items continue to go higher and higher.

Karo syrup is the one great staple food that hasn't increased in price.

Karo is made from corn, and corn has gone way up. But the vast increase in Karo sales makes it possible to con-

tinue Karo at the old low price.

As food prices go now, in proportion to cost Karo gives more than three and four times the energy of most any food on the daily bill of fare—beef, pork, milk, eggs, mutton, butter and the like.

Karo is wonderfully nourishing. It is rich in the nutritive food elements you get in corn bread, hominy, Indian pudding and other famous corn foods.

Karo is one of the most nutritious parts of sound, ripe corn kernels made into delicious syrup. It is fine on bread, griddle cakes, waffles and hot biscuit.

Karo is as delicious as honey—as wholesome as butter—yet costs you much less than either.

Wherever sweetening is needed in cooking you'll find Karo an improvement.

Why not try Karo to-day? Your grocer has two kinds—Karo Crystal White, Karo Cane Flavor. You can readily tell the Karo label on the sealed cans.
